

# Director of Finance – Leon Rauch

---

Leon's dad, who visited Hermanus as a child with his family, bought a house in Fernkloof in 1985 which was used as a family holiday home. Leon, his wife Elsabe and two children spent almost all of their December holidays in Hermanus and grew very attached to both the house and Hermanus itself.

Leon retired in 2015 after a career in merchant banking and financial management having previously qualified as a Chartered Accountant.

Leon and Elsabe acquired the family home in 2015 and decided to relocate to Hermanus from Pretoria in August 2016. He regularly plays golf and Elsabe joined the botanical society. As an experienced business valuator he still engages in business valuation projects from time to time.

He hopes to contribute his financial skill and experience to ensure that the HPP remains sound from a financial and administrative perspective.
